

Analog to Digital Tuner Trade-In Program

How it works:

- CR offers a \$100 credit to CR dealers for each CR analog tuner (232-MTA, 232-STA, 232-STS) replaced by the purchase of a 232-ATSC HDTV Tuner.
- To assure that the old tuners are properly recycled, analog tuners must be sent to CR to receive the trade-in credit. When returned to CR, the analog units will be recycled responsibly, using an accredited PC Component Recycler.

This is a one-for-one Trade-in Program, there is no limit as long as each CR HDTV tuner is matched by a received analog CR tuner.

Trade-In Program Duration:

The program ends December 31, 2009. The ATSC tuners must be ordered by that date and the trade-in forms with serial numbers received by CR. The tuners can ship to CR within a few weeks after the date, dealer credits will be applied when the tuners are received and verified.

PLEASE CALL 888-972-2728 FOR AN RMA#. THEN FILL OUT AND RETURN THIS FORM WITH THE TUNERS TO BE RECYCLED. ONCE THEY ARE RECEIVED, A CREDIT MEMO WILL BE ISSUED TOWARD THE PURCHASE OF NEW REPLACEMENT ATSC TUNERS.
